ON THE SPOT

JULIE TALENFELD

PRESIDENT OF BOARDROOM
COMMUNICATIONS

The first day of fall was Sept. 22. What was the most memorable part of your summer?

The great boating we did with friends in the Keys and off of Fort Lauderdale Beach. We took the kids and their friends tubing, jet skiing and fishing. My husband, Howard, had a surprise party for me at Ocean Reef.

In addition, I attended an intimate lunch with Gov. Charlie Crist.

Any big plans for the remainder of the year?

We are hosting a University of Florida College of Journalism and Communications alumni party at our home on Oct. 8. The college dean will be our special guest and we are looking forward to seeing lots of great Gator grads. We also have plans to go skiing, snowboarding and tubing in Colorado over the Christmas / New Year's holidays - after we have our annual Hanukkah party.

Do you have any hobbies?

Working out, tennis, boating, skiing, travel, art, serving on nonprofit boards, planning parties, participating in politics, meeting new people and giving back to the community.

As a resident of Plantation, what do you love most about your city?

I absolutely love living and working in Plantation. My family moved here in 1975 and the people are polite and friendly, the landscaping is lush and the neighborhoods are filled with wonderful children playing. We also have great parks, shopping and restaurants.
